* **RHYME RECOGNITION** - Instructions vary >> teacher reads a words and students show thumbs up for rhymes and thumbs down if they don't OR teacher reads three words and students have to identify the two that rhyme

* **ONSET FLUENCY** - Teacher reads each sentence. Students give the repeated onset.

* **BLENDING ONSET**- - Teacher says the onset and then the rime. Students say the whole words.

Blending hand motion: Place palms together to create "choppers." As the teacher, you will chop your hands from right to left, I chop for each syllable. Then slide your hands right to left to say the whole word. Students will mirror the teacher.

* **IDENTIFYING FINAL SOUNDS** - Teacher says the name/word. Students repeat the name/word and over enunciate the final sound (teacher says Jill, students say JiLL)

* **SEGMENTING ONSET RIME** - Teacher says the word. Students repeat the word and segment it into onset and time.

Segmenting hand motion: Students place palms together to create "choppers." The students will make a chopping motion when saying each syllable in the word. *Note: Teachers will always chop from right to left so that the students mirror your movements.

* **SUBSTITUTING PHONEMES**- Teacher say the word. Students repeat the word. Teacher says, "Change * to ** and the word is?" >> Use sounds! (teacher says bugle students say bugle, teacher says change bu to ea and the word is... studnets say "eagle").

Substituting hand motion: Teacher holds 2 closed fists, touching at the thumbs, out in front to show the whole word. Right hand is the first syllable, left hand is the second syllable. Shake the first that represents the syllable to be substituted, and lightly pound fists together when saying the new word.
